DRAUGHT BEERS

WELCOME TO THE WORLD OF BEER

Beer is more than just a drink – it has been part of human culture for approximately 12,000 years. Today it is the third most consumed beverage in the world after water and tea, with over 227 billion litres enjoyed each year.

In South Africa, beer plays a significant role in our social life. SAB has long been part of this tradition, creating iconic beers that bring people together. Nothing beats a crisp cold draught poured just right because *that first sip always hits the spot.*

OUR FEATURED BEERS ON TAP
